

Andronis Boutique Hotel ★★★★★

The luxurious five-star boutique hotel Andronis is located in the center of the traditional village of Oia, Santorini Island. Placed on the edge of a cliff it offers panoramic views of the caldera. Built in caves on the cliff side, the suites combine the traditional Cycladic style of architecture and a charming range of luxury. Each guest in the hotel is provided with personal attention and high-quality service. The Mare Sanus Spa is just a few steps away and offers relaxing and rejuvenating treatments. Andronis Boutique Hotel offers exceptional service and maintenance of private parties, gala dinners, champagne receptions, small intimate or large extravagant weddings. In exclusive boutiques, guests are able to find clothing that fully matches their mood and style.

Due to the particular construction of the hotel on the cliff and the absence of children facilities, our property does not accept children under the age of 13 years old.
