

Tiamo Secrets Diaporos Island Villas - NR ★★★★★

The Villas are located in a new secret eco-paradise on the second of the three peninsulas of Halkidiki, in Greece, in the north Aegean Sea. Diaporos Island is opposite Vourvourou and only 10 km from the municipality of Agios Nikolaos in Sithonia. The area covers 3.2 square kilometers with a big natural bay, which is 700 meters long and serves as a mooring spot for the boats. The bay ends in shallow waters that always remain warm and are therefore suitable for swimmers. Most of the island is covered by pine forest, which makes it a unique combination of perfect coast lines and pure nature.
