

# Istoria a Member of Design Hotels - NR ★★★★★

Istoria Hotel as the name suggests, this place looks more like a shelter, a hospitable home, in which the sun and the sea create the feeling of innocent liberation that allows you to create your own story, your own unique memory. The result outlines a purely boutique approach as the architectural configuration of each suite is different so every guest can decide if he wants to have a direct view of the famous black beach of the island or to hide from the many looks on perfectly private terraces.
